

LDC-350A/450A

Label Flat Bed Die Cutting Machine 标签平压平模切机

⊗ Characteristics特点

LDC-A flat bed die cutting machine, can die-cut both blank label and printed label. With Independent rewinding motor and magnetic powder tension control system, automatic oiling device system, high precision die cutting, high speed, variety of processing such as lamination, hot stamping, sheeting slitting can be integrated in once process, it is perfect match with the label digital printing machine and other type printing machine.

LDC-A型平压平模切机是一款专业高速标签模切机，可模切空白和印刷标签，收卷独立电机与磁粉张力控制系统，自动加油装置系统。模切精度高，速度快，可实现多种加工工艺于一体，可增加覆膜、烫金、纵切、分切等功能，是数码印刷机和其他印刷机的完美搭档。

主要技术参数 Main Technical Parameter

Machine Model	LDC-350A	Die cutting speed	20-300times/min	Unwinding width	350mm
机器型号	LDC-450A	模切速度		进料宽度	450mm
Unwinding Dia.	Φ500mm	Max. Die cutting width	340mm	Max. Die cutting length	340mm
放卷直径		最大模切宽度	440mm	最大模切长度	440mm
Positioning precision	±0.1mm				
定位精度
